Back In The Game Update

Community Game Updates are now fortnightly rather than weekly. They will also be structured as follows, to help volunteers distinguish between where action is required and where information is for awareness.

1. Action required
2. CB & Club member services - action if of interest
3. For awareness

FOR ACTION

1. Ongoing player affiliation (Mandatory Age Grade, Voluntary Adult)

Over 97,000 age grade players have now affiliated across 800 clubs. There are helpful guides for registrars and data officers to continue to drive the affiliation process.

3. Webinars - Building inclusive volunteer teams, Mobile Ticketing

The first webinar talks about building an inclusive volunteer base and the second on how clubs can access and distribute their international tickets via the new mobile ticketing service.

4. Club GMS Support & Webinar

We continue our support on GMS by identifying the two highest priorities seen from raised tickets and how to solve them before they become issues. Details on a Club GMS drop-in session every week for the next month.

HH Jeff Blackett will be walking 150 miles in 15 days across 18 counties to raise money for the Injured Players' Foundation (IPF) and thanking volunteers in person for their hard work in keeping the game going during the pandemic.
